

Dr. Julie LADEL

Proposed role: Senior Water Resources Management specialist

Category: Senior (20 years experience)

Staff of: EAUDYSSEY

1. Family name: LADEL

2. First names: Julie

3. Date of Birth: 17 Février 1970

4. Passport holder: French

5. Residence : 22 rue du Téron, 34150 Saint Guilhem-le-Désert, France
julie.ladel@iwrn.eu

6. Education:

Institution (Date from - Date to)	Degree(s) or Diploma(s) obtained
University of Paris V, France (1992-1996)	Ph.D in Applied Hydrology, support to "Electricité de France" (EDF) French power company
University of Paris VI, France (1991-1992)	Master in Water Sciences and Planning, orientation « Quantitative Hydrology and Hydrogeology »
University of Paris XI, France (1989-1991)	Bachelor/Master of Organic Chemistry
Universitary Technological Institute, Orsay, France (1987-1989)	Technical Universitary Diploma (Chemistry Technician)

Language skills: Indicate competence on a scale of 1 to 5 (1 - excellent; 5 - basic)

Language	Reading	Speaking	Writing
French (mother tongue)	1	1	1
English	1	1	1

Membership of professional bodies:

International Association of Hydrological Sciences (IAHS)

Contact: julie.ladel@iwrn.eu

Other skills: (e.g. Computer literacy, etc.)

- **Licences:** driving (car)
- **Computer literacy:** Microsoft Office, Internet, Open Proj
- **Capacity building:** Trained as Trainer-Consultant (French standard for Professional Training)

Present position: IWRM Expert

Key qualifications: (Relevant to the project)

Water resources management (transboundary / integrated) – River basin planning
Climate change adaptation and mitigation / Gender mainstreaming / Youth empowerment
Managing for Development Results (MfDR)
International programme and project management and implementation
Strategic planning
Institutional Development
Capacity Building / Science didactics
Facilitation
Experience working for African Union and with Congo Basin and Lake Chad Basin Commissions
Experience working for European Commission TA and African Development Bank project cycle
Regional integration (worked with African Union and 3 RECs: CEMAC, WAEMU and COMESA)
Experience working with governments (AFD / 35 European, Asian and African countries)
Experience working for private sector (Suez Group, EGIS Group, BRL Ingénierie, Mott MacDonald)
Experience with international Conferences organization (China, Vietnam, DRC, Côte d'Ivoire, Senegal)
Interventions in Fragile states (Chad, Sierra Leone, CAR, DRC)

Titles and distinctions :

- Member of honor of the Association “Graine de Chimiste” (*Seed of Chemist*)
- President of the Association “Eau-Dyssée International” (*International Odyssey*)

■ Specific experience in the region

Country	Date from - Date to
Benin and Togo	May 2012 (2 weeks for AfDB)/ Dec. 2016 (AfDB)
Cameroon	Apr 2008 (4 days) / August 2014
Central African Republic	May - Jun 2008 & Nov 2009
Chad	1999 and 04-05 & 09/2007
Congo	2008 & 2010 (2 weeks)
Côte d'Ivoire	2015-2016 (9 months, ongoing)
Democratic Republic of Congo (Central African countries)	Jan 2008-Jul 2010 (2.5 years); August 2014 including missions to Cameroon, Gabon, CAR, Congo, Ethiopia (AU), Nigeria (ECOWAS), Mauritius (MOI)
Ethiopia (at African Union)	Nov - Dec 2007 & several meetings (2008-2010) (2 months)
Gabon	Apr 2008 (2 days) / August 2014
The Gambia	April 2012 (1 week for AfDB)
Ghana	Oct 2009 (1 week for AMESD)
India	September 2010 – December 2013 (17 months)
Malawi, Tanzania, Zambia	March 2016, April 2017 and May 2017 (3 weeks for AfDB)
Nigeria	April 2010 (1 week)
Senegal	August 2016/Feb. 2017 (2 weeks for AfDB)
Sierra Leone	Nov 2005 - June 2006 (8 months for ACF)
South Africa	Aug. 2009 (1 week for AMESD)
Thailand (25 EU-Asian or “ASEM” countries)	September 1999-October 2002 (3 years) including missions to China (5), Vietnam (2), Brunei, Malaysia, Indonesia, Philippines, Japan, Cambodia, Germany (2), Austria, Hungary
Tunisia	Oct 2011 – June 2012 (7.5 months)
Zambia	Nov. 2017 (current)

Professional experience (see following pages)

Date from - Date to	Location	Company& reference person	Position	Description
Current	Zambia	GFA Consulting	IWRM Expert	Reform of the Water Sector in Zambia (assisted by the German Cooperation)
07/2017 - 10/2017	France	EAUDYSSEY	IWRM Expert	Website reshuffling / Tender preparations
12/2015 - 05/2017	Abidjan Côte d'Ivoire	African Development Bank (Department of Quality Assurance and Results) v.chisala@afdb.org	AfCoP Facilitator	<p>African Community of Practice on Managing for Development Results (AfCoP-MfDR) project in 18 countries of WAEMU and COMESA and 2 Regional Economic Communities (WAEMU and COMESA): organizing the AfCoP Annual Meeting; fostering the 18 national CoPs to implement their Managing for Development Results roadmaps; linking the AfCoP Project to African Development Bank's processes, strategies and focus areas and creating synergies between regional and national processes. www.afriK4r.org</p> <p>Designing and organising one training of trainers on Rapid Results Initiatives (RRIs) and two "Gender for results" and "Youth for results" Thematic Groups Learning and Networking events (Côte d'Ivoire, Senegal) with UN, EU, AfDB (Special Envoy on Gender and Jobs for Youth in Africa Coordinator), AWDF and African incubators and successful youth leaders.</p> <p>Organizing the AfCoP Annual meeting in Dakar, Senegal (Feb. 2017) with 160 participants and identifying international speakers. Rapporteur.</p> <p>Mainstreaming MfDR in 2 RECs (COMESA & WAEMU) and 18 WAEMU and COMESA countries: Leadership, Planning, Budgeting, Capacity to deliver goods and services, Information systems including Monitoring and Evaluation (M&E), Accountability: Facilitation of Roadmaps implementation at national levels with the 18 national teams (Focal Points at OPC, Planning or Finance Cabinets supported by national coaches and AfDB Country Officer) by providing advisory, organizational and technical inputs. Capacity building on MfDR and RRI.</p> <p>Organizing regular Core Management Team meetings</p>
07/2015 - 11/2015	Homebased	Freelance & Mott MacDonald	International Development expert	<p>Support to projects implementation and International Development Division in Cambridge (Mott MacDonald)</p> <p>Support to WaSH in Schools programme in Rwanda (WaterAid): girls hygiene in schools, etc</p>

08/2014 - 06/2015	Cambridge, UK	Mott MacDonald guy.jones@mottmac.com	Projects Director	Preparing EoI/proposals on Volta Basin Authority institutional assessment, Vietnam Agricultural Improvement project, India Ganga's river basin/catchment modelling, Tunisia water transfer from North to Centre Preparing a strategy on the Group International Development in the ECOWAS region (for both Francophone and Anglophone countries)
08/2014 - 10/2014	DRC, Cameroon Gabon	GFA Consulting jan.sass@gfa-group.de	Team Leader	Launching the Master Plan on Water Management and Development in the Congo Basin (SDAGE) project Organising national and regional workshops for the state-of-the-art (Phase 1) with CICOS/GiZ
06/2014	France	GFA Consulting jan.sass@gfa-group.de	IWRM expert	Preparing the technical proposal for Master Plan on Water Management and Development in the Congo Basin project (SDAGE of Congo Basin Commission) - WON
04/2014	France	Hydro-RDI evb@hydro-rdi.eu	IWRM expert	Preparing a technical proposal for a Morocco project on M&E in 3 river basin agencies - WON
03/2014	France	Hydro-RDI evb@hydro-rdi.eu	IWRM expert	Preparing a technical proposal for a Morocco project on IWRM in a river basin agency (Tensift) – WON
08- 12/2013	Jaipur (Rajasthan, India)	EU State Partnership Program – Govt. of Rajasthan shouvik.datta@eeas.europa.eu (EGIS EAU: Evelyn JACQUOT- KEETELAAR : Evelyn.JACQUOT-KEETELAAR@egis.fr)	IWRM Senior Capacity Development Expert	Decentralisation and community mobilisation in IWRM programmes Preparation of Training of Trainers for Local level IWRM plans implementation in 3,182 GPs preparation and facilitation (water resources management, equitable access to safe and affordable drinking water (access and water quality), demand management (including economical and environmental aspects), IWRM plans implementation, etc District IWRM planning methodology finalisation Earth Observation tools and technologies for water resources and climate monitoring GIS and Modelling capabilities to be developed in Line Departments (State Ministries) Follow-up on Trainings for Rural Development Department, PRIs (local authorities): training needs assessment workshop

05/2013	Kinshasa DRC (video-conferences)	Advanced Technical High Institute georges_gul@yahoo.fr (Director of Water Resources of Congo Basin Commission)	IWRM Capacity Building Expert	Lectures on “IWRM concept and principles”; “IWRM and International challenges”; “IWRM planning”; “Transboundary Water Resources Management”; “Water uses optimisation”; “Cost and benefits sharing among States” (for Master of Hydrology - Kinshasa)
03-04/2013	Jaipur (Rajasthan, India)	EU State Partnership Program – Govt. of Rajasthan shouvik.datta@eeas.europa.eu (EGIS EAU: Evelyn JACQUOT-KEETELAAR : Evelyn.JACQUOT-KEETELAAR@egis.fr)	IWRM Capacity Building Expert	State planning review of studies results and outputs District IWRM planning methodology preparation GIS and Modelling capabilities to be developed in Line Departments (State Ministries) Follow-up on Trainings for Rural Development Department, PRIs and Stage-2 NGOs for GP IWRM plans implementation in 933 GPs By IWRM capacity building of State officers in Demand management, water security, water tariffs, groundwater conservation by virtual water trade
11/2012	Hyderabad (India)	University of Hyderabad (Prof. SARMA ivm_sarma@hotmail.com)	IWRM Lecturer	Lecture on “IWRM concept and principles” (Master) Lectures on “Water management: policies issues”, “Mobilisation of marginalised sections for inclusive growth” (Faculties) Seminar on “Water, an economic good”, School of Economics

06/2012 - 08/2012 and 10/2012	Jaipur (Rajasthan, India)	EU State Partnership Program – Govt. of Rajasthan shouvik.datta@eeas.europa.eu (EGIS EAU: Evelyn JACQUOT-KEETELAAR : Evelyn.JACQUOT-KEETELAAR@egis.fr)	IWRM Institutional and Capacity Building Expert	<p>Sustainability of the bottom-up IWRM planning (Public-public Partnership) at District, Block and Gram Panchayat (GP, municipal) level: analysis and recommendations, ToR/RFP prepared for NGO support extension during implementation of GP IWRM plans.</p> <p>Funding of GP IWRM plans implementation (3,182 GP IWRM plans ready or under completion in 11 over 33 Districts of Rajasthan): identification of Government of India and Government of Rajasthan funding schemes and dovetailing of funds (with Public Finance Management Expert); identification of possible IWRM investments in rural areas.</p> <p>Analysis of the Exit or Extension of the bottom-up IWRM program and Draft Training Plan for Rural Development Department</p> <p>Fine-tuning of the M&E system for the GP planning</p>
10/2011 - 06/2012	Tunis (Tunisia)	African Development Bank (African Water Facility: Dr. Akiça BAHRI: a.bahri@afdb.org)	Water Resources Management and Institutional Development Long Term Consultant	<p>Transboundary WRM / IWRM and Institutional Development expertise: Analysis of the institutional aspects of WRM in Africa and the AWF portfolio – Water Policy</p> <p>Appraisal in support to 3 Task Managers of Kenya Integrated Rainwater harvesting and management; Benin decentralization project for Water Supply and Sanitation (preparation and appraisal); Mano River Union Transboundary Water resources management project (identification and evaluation); Congo reform of the water and sanitation sector (identification); Launching of The Gambia National Water Sector Reform (supervision mission; IWRM national workshop). Benin project appraisal mission. Screening of 10 proposals (initiation).</p>

02/2010 – 08/2011 (4 short missions)	Jaipur (Rajasthan, India)	EU State Partnership Program – Govt. of Rajasthan shouvik.datta@eeas.europa.eu (EGIS International: Jean-Pierre MAHE: Jean-pierre.mahe@eqis.fr)	IWRM Capacity Building Coordinator	<p>Capacity Building Team management of 3 experts (IWRM engineer, community mobilization expert and social development expert)/ Coaching of Irrigation Management and Training Institute faculties. Support to Capacity Building of 26 NGOs: Preparation and training for the Training of Trainers (300 persons) for 3,182 communes for IWRM Plans preparation based on Rajasthan State Water Policy (decentralization process) and a participatory water resources management planning in 3,182 communes (stakeholders; women, low castes: Water User Groups); Training Manual/Toolbox Support to institutional development of water management committees at villages and Water Resources Line Departments at State levels. Identification of stakeholders for IWRM. Preparation of a Capacity Building Strategy for communities, the general public and State water-line departments based on IWRM international standards and tools (UNESCO, FAO). Development of a Monitoring and Evaluation (M&E) system for the GP activities</p> <p>Water sectors: drinking water supply/irrigation ; Gender; Pro-poor planning</p> <p>Planning and implementation of water resource management programmes</p> <p>Skills to engage in constructive dialogue with governmental and non-governmental organisations</p>
------------------------------------------------------	-----------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

10/2007 – 07/2010	Addis Ababa (Ethiopia) 2 months then Kinshasa (DRC) 30 months	<p>African Union-EU AMESD programme Then the Congo Basin Commission (CICOS) filippo.saracco@eas.europa.eu (TA: Thales, IRD, BRL and ITA ; BRL Ingénierie: Jean-Michel CITEAU: jean-michel.citeau@brl.fr)</p> <p>In 5 RECs</p>	<p>Thematic Expert in Management of Water Resources</p> <p>Central Africa</p> <p>REC : CEMAC</p>	<p>In charge of CICOS mandate strengthening on IWRM. Responsible of the formulation of a 10th EDF Grant proposal (activities, personnel, capacity building, sustainability, logical framework, budget) of 1,3 million euros for 3 years geared towards the development of operational services based on spatial technologies: 1/low waters alert for navigation and 2/ hydrological balance monitoring of the Ubangui sub-basin and of the extend of inundated areas under forests of the Central Floodplain for decision-makers and environmentalists, the capacity building of CICOS and its partners in WRM; the planning of a French GEF project targeting the environmental impact assessment of water resources development projects to optimise water uses by hydropower, navigation, fisheries and environmental protection of humid forests; the international cooperation promotion among riparian countries (Cameroun, CAR, Congo, DRC), including Chad, Gabon and Equatorial Guinea via the Economic and Monetary Community of Central African States (CEMAC).</p> <p>Establishing the network for the REC (CEMAC) – Working with technical experts from 5 RECs (Technical Experts Meetings)</p> <p>Organisation of the First AMESD Forum in Kinshasa: 33 African countries, 6 European countries</p> <p>Climate change: « The Ubangui river facing climate change»(9 min);poster on satellite data and hydropower and poster on navigation; gender specific adaptation to climate change in the Congo Basin</p> <p>State of Congo Basin Forests 2008 (OFAC): Drafting of a chapter on Water resources and Forests</p> <p>Water sectors: Navigation, Hydropower, Forests, Climate change, Gender, Water Policy</p> <p>Congo Basin Catchment</p>
04-09/2007	N'djamena Chad	<p>EU and Lake Chad Basin Commission paul.riembault@eas.europa.eu (BCEOM now EGIS : Denis CARRA : denis.carra@eqis.fr)</p>	<p>IWRM Team Leader</p>	<p>Integrated Management of Cross-Border basins in Africa – Lake Chad Basin Component: Responsible of the IWRM programme formulation of the Lake Chad Basin Commission (LCBC) funded by the European Commission under 9th EDF: activities review, Planning of service and supply contracts, TAD writing of the Financing Agreement including logical framework and ToRs of the Technical Assistance and of transversal studies in Lake Chad Basin (surface/ underground waters relations; hydropower production strategy ; lake and river navigation strategy) ; formulation of 4 transboundary pilot projects (Cameroun/Chad; Chad/RCD; Nigeria/Niger).</p> <p>Lake Chad Basin Catchment, Water Policy</p>

01/2006 – 10/2006	Bo Sierra Leone	Action Against Hunger EU project (Nadia BELMIR : nadia.belmir@actioncontrelafaim.org)	Water and Sanitation Officer	Responsible for Water supply, hygiene and sanitation programme and human resources management of 36 technicians. Supervision of the Linking Relief, Rehabilitation and Development (LRRD) Programme of the European Commission with 30 000 beneficiaries. The fields covered were access to water (45 wells built in 8 Districts with established management committees and 115 boreholes in 8 refugee camps monitored and maintained by trained pump caretakers), hygiene promotion with hygiene promoters trained in communities and water quality analyses . A crisis project was prepared to remediate to cholera outbreak in Kenema city with DFID.
2002- 2005 (short missions)	France, India, Greece	As independent short term consultant to organisations such as UNESCO, French Embassy in India and IUCN, Athens	Facilitator and Various positions	<p>2005, France for Water Academy, rapporteur of the Euro-African Conference « Water and Territories », March 2005, UNESCO, Paris</p> <p>2005, France for UNESCO, preparation of a communication strategy for an extrabudgetary project on the Reform of sciences system, technologies and innovation in Nigeria.</p> <p>2004, Montpellier, France. For the University of Montpellier II, preparation and lecturing for a conference on transboundary basins IWRM for Master Pro “Management and Study of Water Resources”.</p> <p>2003, India. For the French Embassy in India, in the framework of « French Science Today », presentation of a conference on Water management in France in 7 indian cities (New Delhi, Chandigarh, Bhopal, Mumbai, Goa, Pondichery, Hyderabad at National Geophysical Research Institute) and participation to the National Conference on Water and the World Bank conference on Interbasin water transfers.</p> <p>2002, Greece. For the International Union of Nature Conservation (IUCN- Mediterranean office), facilitation and rapporteur of the international conference on Water, wetlands and Climate</p> <p>Participated in</p> <ul style="list-style-type: none"> • “Loire-Niger” Conference on French-Malian decentralised co-operation, May 2005, Angers • Euro-African Conference « <i>Water and Territories</i> », March 2005, UNESCO, Paris • International Water Symposium, June 2004, Cannes, France • Heads of State’s Conference for the Niger River Basin, April 2004, Paris • World Bank Conference on <i>Interlinking of rivers</i>, October 2003, New Delhi, India • <i>Water Summit</i>, October 2003, New Delhi, India

06/1999 - 10/2002	Thailand	AEETC, 25 ASEM countries with AFD ASEM programme (EU+Asia) (OIEau, Jean-François DONZIER: dq@oieau.fr ; then SAFEGE (Suez Group), Patrick VAUGHAN: patrick.vaughan@safeg e.fr	Water Expert (IWRM)	Asia-Europe Environmental Technologies Centre (AEETC) in Bangkok for 25 ASEM countries (Austria, Belgium, Brunei Darussalam, China, Denmark, Finland, France, Germany, Greece, Indonesia, Ireland, Italy, Japan, Luxembourg, Malaysia, The Netherlands, The Philippines, Portugal, Singapur, South Korea, Spain, Sweden, Thailand, United Kingdom, Vietnam). Responsible for Institutional networking and Coordinating the Bioremediation (pollution treatment by plants and micro-organisms) programme: design of a database, networking and development of common projects Advised and supported capacity building on IWRM of Asian Ministries officers; Organisation of ASEM workshops (Environmental risks of Tropical landfills in Bangkok; Fight against lakes eutrophication and river basin management in Kunming in China), a seminar on River Basin Management in Stockholm and Paris for Asian water managers and an International Conference on Bioremediation in Hanoi in Vietnam – Publications on IWRM and EIA
01/1997 - 05/1999	France / Chad	UNESCO (Folarin OSOTIMEHIN : f.osotimehin@unesco.org	Research Assistant on Lake Chad Basin Project with Lake Chad Basin Commission	Assistant of an Extrabudgetary Project “ Management of Groundwater for Lake Chad Basin sustainable development” with Lake Chad Basin Commission. Provided support to daily project management, conducting training programmes, awareness programmes, institutional assessment and preparation of technical documents (tenders, ToRs, specifications of technical equipments); strategic documents preparation (popularisation document on Lake Chad and Aral Sea...) ; took part in the budget review mission to Lake Chad Basin Commission (LCBC) in N'Djamena to present strategic documents and undertook a field mission with LCBC
1992-1996 (48 months)	France	Water Research and Control Centre (CRECEP) of the Paris Municipality – Electricity of France (EDF)	PhD researcher	In charge of interdisciplinary research (Water quality – hydrobiology) on natural scaling inhibitors (phytoplankton metabolites) for Nogent-sur- Seine (EDF) nuclear power plant: electrochemical study of metabolites, axenic algae cultures; analyses of raw waters from Seine and Marne rivers, development of HPLC chromatography method for natural organic macromolecules and statistical analyses in principal components
1992-1999	France	University of Paris XI	Master course part-time lecturer	In charge of a course at Paris XI Science Faculty on “Chemical Pollutions in Water” at Master level (Water quality)

15. Trainings and publications

TRAININGS

Trainer-Consultant (French standards), Montpellier, France, 2010 (Professional Training)
Procurement, Montpellier, France, 2013 (Training)
Earth Observation Tools in support of IWRM, Costa Rica, 17-23 March 2013 (Training of Trainers)
Agricultural Water Demand Management (Cap-Net/IRAP/GIDR), Gujarat, India, 21-25 October 2013 (Training)
